

When your staff work alone and you need to know they can be found if something goes wrong, you need SOS Trakka.

4G powered, it can pinpoint their location via GPS. Its rugged and sturdy water resistant design makes it ideal for outdoor use.

Ideal for staff in high risk settings like remote health care, security services, working with animals or equipment away from back-up.

Chargeable with magnetic charging, it's lightweight and easy to carry with the lanyard provided.

Help is only a push button away. Once pressed, you can have real time situational awareness of where your staff are.

**HELP IS AT HAND
IF SOMETHING
GOES WRONG**
